Inspiration:

Situated at the juncture of modernisation and tradition, the state of Haryana presents a unique fusion of contrasting experiences. Drawing from this urban-rural coexistence, "The BAR PEEDA" bar stool conceived by us is an innovative design that deconstructs the traditional charpai, a cherished Haryanvi piece, blending its essence with contemporary aesthetics.

The stool cleverly integrates charpai elements into its structure, including the central spine, footrest, and a backrest paying homage to Haryana's weaving heritage. A harmonious amalgamation of cultural legacy and modern living, "The BAR PEEDA" embodies envisage's commitment to revitalising tradition through inspired design. It symbolises Haryana's journey into the future while embracing its roots.
